

RED CAIMAN STUDIOS

Pittsburgh's Premier Recording Facility

Take Your Podcast to the Next Level

**STUDIO & REMOTE
RECORDING
EDITING
SOUND DESIGN
MIXING
PRODUCING**

- Red Caiman has all the knowledge, resources, and equipment needed to bring your podcast to the next level. Whether it's recording your episodes, helping you with production, or connecting you with podcast guests, we are well-equipped to work through every step of the process and meet your project's needs.
- Our professional studio has a relaxed atmosphere, encouraging open conversation in a casual but productive environment. In addition to recording in-house, we have remote options to connect with studios worldwide and to individuals in their homes. In any situation, we will provide a high quality experience free of technical interruptions.
- The needs of every client and project are different. We recognize these needs, and are ready to meet you where you are. Give us a call or send an email - we would love to show you our space and talk with you about your next project.

"What do you do if you're on the road, away from your home studio, and land an interview with the Israeli prime minister? Call Jesse at Red Caiman Studios. A total professional, a mensch, and the audio sounds perfect."
- Bari Weiss

"Jesse and his crew are incredibly professional and delightful to work with, and their recordings sound fantastic. Red Caiman is our go-to studio any time we record in Pittsburgh."
- Greg Rippin, Technical Director, Freakonomics Radio

"Jesse and his crew at Red Caiman are not only professional in their craft, but thoughtful about it too. It's a winning combination that allows them to seamlessly fold into any project."
- Chris Kelly, Partner/Creative Director, Kelly & Kelly
